

PROGRAMS

Our goal is for you to love the skin you're in.

A consultation will assist us in understanding your skin concerns and the contributing factors to your skin problems such as: skin type, skin conditions, general well-being and lifestyle choices.

Our professional, highly experienced therapists will assess these factors and provide knowledgeable advice on results-driven treatments as well as home care programs tailored to your individual needs. Programs can include medi treatments, spa treatments and home care regimes and products.

We suggest weekly programs for correction and enhancement and monthly programs for maintenance and well-being.

For more information or to arrange a consultation, please contact us.

* All vouchers are valid for 12 months. Available for purchase in store, via phone or online at queenstbeautyandhair.com.au. All prices are inclusive of GST. Prices are subject to change without notice.
