## **LAZUMBA COFFEE**

A selection of blends using beans from the world's great coffee growing regions

**Latino**                    **\$31/kg**

Blended with high grade plantation beans sourced from three coffee growing regions. Offers a wonderful intensity and complex mix of overall flavour. Included in the mix is an exotic Ethiopian bean, which brings both spice and fruit to the cup and a strong, rich aroma

**Zumba Oro**                    **\$31/kg**

Carefully created with top grade beans from eight different plantations in Africa, the Asian sub continent, East Asian Islands, Central and South America. Zumba Oro pours and tastes like liquid gold, offering fine balance, full body, delicate flavours and overall rich complexity on the palate

**Rumba**                    **\$31/kg**

Carefully blended using beans from seven different plantation locations from three different geographic zones, offering a diverse and intense mix of flavours. The blend pours thick and rich making it an all round espresso blend suitable for an early morning Latte or after dinner espresso

**Blended Decaf**                    **\$12.50/250g**

At last a decaf that delivers crema, body and rich flavour with a satisfaction factor equal to full caffeine espresso blends. Built out of four origin plantations, Blended Decaf brings to the palate a unique and complex flavour profile not usually found in decaffeinated coffees
