

# Lash Factory LASH BAR

Thank you for choosing the Lash Factory.

We are Adelaide's premier lash specialists.

Once upon a time, fake eyelashes were not a happily ever after, but a messy, somewhat disappointing option for adding glamour to your eyes and elongating your lashes, times have changed... Now you can have gorgeous lashes every single day!

We individually apply each lash to your own natural lash with a professional eyelash extension resin. We use only the highest quality lashes in various lengths, curl types and colours to create beautiful, high quality-bespoke lashes.

They are water proof, beach proof, exercise and sweat proof, perfect for the ultimate glam, convenience of not wearing mascara or even something special- for your special day!

All lash treatments include an under eye collagen treatment to firm and hydrate the under eye area whilst you relax in comfort during your application.

Lashes available in natural fibre, silk and synthetic. Curl types available- J curl, B curl and C curl in various thickness and lengths.

Refills are only performed on Lash Factory Lash Bar extensions as we can only then match the lashes perfectly. If you have other lashes on and would love to try the Lash Factory difference, a simple removal is performed and a fresh set of lashes will be applied.

Wings are for middle to outer corners which are a beautiful touch- great for party season.

Natural look gives an elegant but very natural look, the 'Natural' lash set is lovely for ladies seeking subtle and flattering frame neither too thick nor too long.

'Glam' set is characterised by lash volume- which means it is thicker and longer than 'Natural'.

We recommend for new Lash Factory clients their initial refill appointment is made for two weeks from their primary visit. Ensuring that your investment is looked after we can assess your lashes and from their recommend future refill maintenance.

After your relaxing treatment and your eyes have been transformed we will provide lash care information a lash comb and rebook you for your following appointment.

### **What are Eyelash Extensions?**

Eyelash Extensions are new way to extend the length and thickness of your eyelashes. They are applied on a lash-by-lash basis to your own lashes for a natural look.

### **How do I care for my Lash Extensions?**

Care must be taken not to rub, or scratch eyes. Also any creams, eye makeup removers, lotions or cleaners containing glycols and carbonates may loosen the bond of Lash Extensions. Apply eye creams sparingly with avoidance of the lash line area.

### **Can I apply mascara to my Lash Extensions?**

Water soluble mascara can be worn; however constant use of mascara may shorten the life-span of your lashes. Waterproof mascara is not recommended for use as it may dissolve/weaken the bond on the lashes.

### **How long do lash extensions last?**

A full set of lash extensions should last untouched for up 2-3 weeks. However most people are so delighted with their lashes they want to keep them for longer and therefore we recommend a top up appointment every 2 or 3 weeks when needed to keep them looking perfect. For clients who would like to wear them on long term, we recommend a fresh set every 3 -4 months.

### **Can the lashes be removed easily?**

The lashes are applied with the intention of staying in place for up to 3 weeks; therefore the removal process while easy for a professional should not be undertaken by yourself. There is a special professional remover that is a salon only product, which can remove the lashes with ease, without damaging the natural lash.

### **Can I use eye make-up?**

Yes, eye make-up can be applied as normal however; we recommend you avoid using waterproof mascara.

### **Are Eyelash Extensions safe?**

Yes, they are completely safe when application is undertaken by a trained professional.

### **What do I need to do when coming to my appointment?**

Please remove contact lenses prior to treatment time.  
Do not wear mascara to your appointment.  
Avoid moisturising around the eye.

### **Why don't you do refills on lashes from other salons?**

We pride ourselves in professional lash applications. Therefore to achieve the best lashes possible we prefer not to mix our lashes with that from other salons. Different curl types, lash types and application methods would have been used previously.

Lash Factory aim to provide our valued clients with the highest amount of service. In order to do so we request your assistance in the following:

### **CANCELLATION POLICY**

Should you need to cancel/reschedule or reduce an appointment, we require 24 hours' notice. If we are given less notice, you may be charged 50% of your service fee or may affect any gift vouchers to be used. Confirmation of your appointment is acknowledgement of our cancellation policy.

### **BOOKINGS**

Credit card details may be requested to secure group bookings or treatments over 1 hour. Please be advised that running late may affect the length of your treatment to ensure preceding client appointments are not delayed.

### **GIFT VOUCHERS**

Gift vouchers are an excellent idea for bridal showers, birthdays or just to say you care!
