# Cylinder safety

Hints and tips.

- Always read the labels and Material Safety Data Sheet (MSDS) before use.
- Store cylinders upright and use in well ventilated, secure areas away from pedestrian or vehicle thoroughfares.
- Ensure cylinders are appropriately secured and guarded against being knocked violently or allowed to fall.
- Wear appropriate Personal Protective Equipment including safety shoes, glasses and gloves when handling, connecting and using cylinders.
- Ensure cylinders are properly restrained to mechanical lifting/handling devices prior to movement.
- Keep in a cool, well ventilated area, away from heat sources, sources of ignition and combustible materials, especially flammable gases.
- Keep full and empty cylinders separate.
- Keep ammonia based leak detection solutions, oil and grease away from cylinders and valves.
- Never use force when opening or closing valves.
- Never repaint or disguise markings and damage on cylinders. If damaged, return cylinder to BOC immediately.

Buy single units at pallet prices!

## TRADE TOOLS

### 3M™ XT-DC CLEAN N STRIP DISC 125 × 22 mm

#### Benefits

- Scotch-Brite™ Clean and Strip XT DC Discs are constructed from a tough non-woven nylon web impregnated with silicon carbide mineral and bonded together with a phenolic resin.
- On one side of the disc is a fibreglass depressed centre plate for attachment to angle grinders.

#### REDUCTION IN REWORK

- Reduces rework required after using some traditional coating and contaminate removal methods by leaving the original substrate with minimal abrasion.
- Open web provides maximum load – resistance while maintaining cutting efficiency throughout the life of the disc.
- Reduces risk of undercutting and gouging.

Part No. XC00077331EA

### 3M™ Cubitron™ II Fibre Disc 982C 36+ 125 × 22 mm

#### Applications:

- Designed for best performance on stainless steel.
- Prep work, bevelling or weld grinding.

#### Features:

- Cuts faster, grinds cooler and lasts longer.
- 3M's New precision shaped premium ceramic mineral.

Part No. 60440229270

### 3M™ 09584 FIBRE DISC BACKUP PAD

- 125 mm

Part No. XC003410047

### 3M™ Cubitron™ II Fibre Disc 987C 36+ 125 × 22 mm

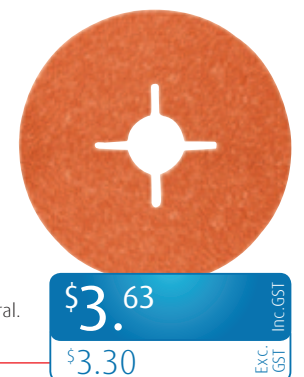

#### Applications:

- Designed for best performance on stainless steel.
- Prep work, bevelling or weld grinding.

#### Features:

- Cuts faster, grinds cooler and lasts longer.
- 3M's New precision shaped premium ceramic mineral.

Part No. 60440229304

# WELDING EQUIPMENT

18-MONTH CONDITIONAL WARRANTY

## Smootharc Multiprocess 175

The Smootharc Multiprocess 175 single-phase machine is a great investment for the all-round welder. This affordable unit comes with torches ready-to-weld for all processes.

Simple to set up, this synergic machine is easy to use and ideal for the less experienced welder. Suits light industrial, maintenance and DIY jobs.

Includes MIG and TIG torch, torch consumables, regulator and MMA electrode holder.

Part No.	<b>\$803.00</b>	INC. GST
BOC175MULTI	\$730.00	EXC. GST

From under \$200!

18-MONTH CONDITIONAL WARRANTY

## Smootharc MMA 130 & MMA 170

- Lightweight, inverter-based welding machines
- Extremely portable – ideal on-site welding tools
- Compact and robust design with a tough plastic outer case
- MMA 130, 10A
- MMA 170, 15A

Part No.	<b>\$198.00</b>	INC. GST
MMA130P	\$180.00	EXC. GST

MMA170P	\$240.00	EXC. GST

MMA, MIG, TIG or GAS welding? We have all the gear you need no matter what your application is!

## Smootharc Advance MIG 275R

All the capabilities of a compact machine but with a remote instead of a built-in wire feeder, the 275R is the stand out performer for site welding. The 275R MIG machine offers superior operating performance across a wide range of welding applications.

This machine is supplied as a complete package which includes the torch, regulator, work return lead and a series of wire feed rolls.

Part No.	<b>\$1870.00</b>	INC. GST
ADVANCE275R	\$1700.00	EXC. GST

3-YEAR CONDITIONAL WARRANTY

## Smootharc Advance MIG 350R (3 Phase)

A three phase machine with a 4 drive roll remote wire feeder suitable for medium to heavy industrial production. This solid unit really shines in the manufacturing of mining and construction equipment and in heavy engineering applications.

This machine is supplied as a complete package which includes the torch, regulator, work return lead and a series of wire feed rolls.

Part No.	<b>\$2255.00</b>	INC. GST
ADVANCE350R	\$2050.00	EXC. GST

# WELDING EQUIPMENT, CUTTING EQUIPMENT & COMPRESSORS

18-MONTH CONDITIONAL WARRANTY

## Smootharc AC/DC 185 TIG

The Smootharc TIG 185 AC/DC machine is an inverter-based machine with added MMA welding capability. It delivers smooth arc characteristics that will assist you to complete high quality welds. Ideal for all materials, its variable balance control means you can select the amount of cleaning or penetration required for aluminium welds. Its pulse capability allows you to control heat input when working on thin materials and its simplistic control panel makes it easy to use. Ideal for sheet metals, stainless steel and aluminium fabrications. Suits light industrial, maintenance and DIY jobs.

Includes an 8m TIG torch and regulator.

## BOC19 Petrol Triple Belt Drive Compressor

- Designed and manufactured for full farm applications or tyre service vans
- Will run up to 3/4 900ft/lbs impact wrenches
- Complete with a Honda engine, automatic idle control, cast iron slow revving pump
- Features 10" pneumatic wheels for easy portability
- The most popular petrol air compressor on the market today
- Pump up time to 100psi - approx. 60 seconds
- Warranty: Pump - 5 Years, Motor - 2 Years
