Based in Adelaide we have the widest range of colours in handbags in Australia and designs you will not find elsewhere. Capturing everyone's sense of style and personality and offering an affordable price point. Where style is about care in design and putting together a handbag, often unrelated to what is spent.

We design our handbags in-house, carefully selecting the fabric, features and style of the bag. The fabric is hard wearing, features include number and type of compartments, for example for one or more mobile phones. Styles are based around the latest fashion trends in handbags. Our colours are extremely varied. Overall, a handbag from Details Handbags is a unique bag that you will enjoy and last for years.

SHIPPING IS ALWAYS FREE!
