Wedding Photography

Captured in Time Photography provides a flexible, friendly and personable approach, capturing the beauty, fun and excitement of your wedding day.

Wedding packages are custom designed with no imposed time limits.

With more than 10 years experience throughout Australia and the USA, we ensure memories of your special day will last a lifetime.

Portraits

Capture beautiful, natural and timeless photos in the comfort of your own home or favourite location.

Portraits are ideal for families, couples, babies, maternity, bands, modeling portfolios, family reunions and special events.

Packages are personalised to enhance your experience and capture your memories in time.

Captured In Time Photography

My camera lets me record how I view the world - the beauty of light, composition and capturing a romantic view as I wish to see it.

Whether I have a camera in my hand or not, I still see the world as if through my lens. For me, photography is a way of thinking, a way of seeing and a way of life.

It is a record of precious memories that may otherwise be forgotten.
