## **OH&S Guidelines**

**Summary of the OH&S guidelines for First Aid Kits across Australia:**

- Employers must provide First Aid facilities that are adequate for the immediate treatment of injuries that arise at the place of work
- Employers must ensure first aid facilities include a First Aid kit appropriate for the number of employees on each site and work environment
- Employers should ensure that First Aid kits are maintained in proper condition and the contents are replenished as necessary
- First Aid kits should have regular checks to ensure the contents are as listed and have not deteriorated or expired
- First Aid kit should have a white cross on a green background with the words First Aid prominently displayed on the outside
- First Aid kits should be located at points convenient to the work force and where there is risk of injury occurring
- At least one First Aid kit should be provided on each floor of a multi level workplace
- Each work vehicle should be provided with a vehicle First Aid kit.
