

# Your Omega Guarantee

When you want great service for your plumbing and electrical work in Sydney, you'll be delighted with the Omega Services commitment to provide you with the friendliest and most professional plumbing and electrical experience in NSW. No other company goes as far as Omega to put a smile on our customers' faces. Read more about your guarantees below, or read from our other happy customers on this page [here](#).

## THE OMEGA PLUMBING DIFFERENCE:

### 1. Up-Front Pricing:

With Omega Services, you know the full price in advance before you give us the go-ahead. It means complete peace of mind with a single flat rate quote, rather than worrying about how long it will take. You can relax with Omega.

### 2. Satisfaction Guaranteed Red Carpet Service:

Omega Services offers our customers red carpet service - which means every customer is a VIP, and their service backed up by a satisfaction guarantee. Our plumbers and electricians wear shoe covers to protect your flooring, lay down a mat in their work area, and perform a thorough clean-up afterwards. It's about showing respect for you and your home.

### 3. The Tidiest Plumbers and Electricians:

Our plumbers and electricians are clean-cut, wear a pressed uniform, and we hire only the kind of technicians we'd be delighted to have in our own homes.

### 4. On-Time or We Pay you up to \$100!

You can be sure that Omega Plumbing and Electrical will be there on-time - so much so that if we're late we'll pay you up to \$100 (\$5 off for every minute up to a maximum of \$100 off). It's proof of how much we value your busy schedule.

### 5. Rapid Response, 24 Hours, 7 Days

Omega Plumbing and Electrical operates plumbing teams from multiple locations across Sydney with live GPS tracking, meaning we can dispatch the closest available team direct to your door. It all makes for Sydney's elite response when you need a plumber or electrician in an emergency, 24 hours, 7 days.

## 6. Professional

All of our plumbers and electricians are trained to the highest international standards and are fully insured and licensed. You can be sure of Sydney's most professional plumbing and electrical service.

## 7. Trusted for over 20 years

With over 20 years servicing Sydney's plumbing and electrical needs, Omega Services is already trusted in tens of thousands of homes across the city.

## 8. Written Guarantees

All of our workmanship is backed up by signed, written guarantees. On many services we are even able to offer LIFETIME guarantees on your new installation, such as sewer replacements or new tap installations (conditions apply, call for details).

## 9. Financing for Approved Applicants

Omega Services can help you apply for competitive financing on new installations. Terms and conditions apply, subject to approval. Contact us for more information and full terms.

## 10. Save Money

Omega Services can help you save money with our special offers and discounts. Not only that, but our investment in the latest technology can help save you time and money - for example we can help customers save thousands by saving a drain line that other companies would have to dig it up, or being able to locate a leak underground or behind a wall.

## 11. Friendly and Helpful

Above all you can be sure of friendly and helpful plumbers and electricians who take the time to explain the options and assist you with making the best choice for your plumbing and electrical needs.

For all your plumbing, electrical, hot water and drain needs in Sydney, call and speak with Omega Services today.
