What is a Mental Health

Social Worker ?

Mental Health Social Workers are registered providers with Medicare Australia. They have been assessed by The Australian Association of Social Workers (AASW) as having specialist Mental Health expertise.

Mental Health Social Workers have a breadth of experience in providing therapeutic interventions such as counselling to people experiencing mental health issues

In order to claim a Medicare rebate a referral needs to be obtained from your General Practitioner, Psychiatrist or Paediatrician. As part of this process they will also formulate a Mental Health plan with you, this will entitle you to 12 counselling sessions.

My Name is Maryanne Eve I am an Accredited Mental Health Social Worker and a registered provider with Medicare. I have a range of experience in providing psychological therapeutic interventions to children and adults. I have a breadth of experience in working with adults with addiction and mental health issues. I have also worked with children with severe and complex mental health issues, children on the Autism Spectrum and children with conduct and associated behavioural issues.
