

MOBILITY EQUIPMENT

FRAMES

MPS provides a range of wheelchair frames to suit varying needs of our clients.

- Freedom
- Invacare
- K-Care
- Otto Bock
- Sunrise Medical

DYNA SEATING

MPS is the Australian distributor of the **Dyna** seating system. Dyna seating elements are based on the hammock principle. The **Dyna** seating element directly transforms and adapts to the contours of the user when seated on.

WORKPLACE EQUIPMENT

We all know the importance of being meaningfully employed, not only for earning a living but also to provide us with peer recognition and a purpose to contribute to the community.

Mobility is fundamental for us all. Some people may have physical disabilities which place special demands on how they sit.

MPS has a range workplace equipment. We can create office chairs to help you sit ergonomically no matter your needs

VELA WORK CHAIRS

MPS is the Australian distributor of the **VELA** work and office chair.

VELA work chairs successfully combine ergonomics and complex technical constructions to produce simple and modern designs.

OCCUPATIONAL THERAPY

In major parts of NSW MPS also offers Occupational Therapy services for

- Home modification assessments
- Equipment assessments
- Mobility assessments
- Ergonomic workplace assessments

POSITIONING SERVICE

About MPS

For more than 10 years Megalong Positioning Service (MPS) has been providing a unique and individualised approach to enhancing the wellbeing and comfort of people with disabilities or the frail aged who require support with mobility, postural seating and positioning.

WHAT MAKES MPS UNIQUE?

- **MPS** tailors every product to the individual's environment and social needs.
- A key speciality of **MPS** is our capacity to develop highly innovative and individually customised seating and positioning systems, available for maximum functionality, safety, durability and comfort.
- **MPS** specialises in providing a full range of disability equipment.
- This includes "off-the-shelf" products such as wheelchairs, pressure care and workplace equipment from brands such as: Sunrise Medical, Otto Bock, Freedom, Invacare, DynaProducts, Vicair and Vela.
- **MPS** is future focused. Constantly seeking more efficient and innovative technologies to provide affordable customised equipment for it's clients.
- **MPS** uses latest technology in scanning and robotics, combined with highly trained technicians and seating specialists to achieve optimum clinical outcomes.
- **MPS** provides a mobile service — the only one of it's kinds in Australia— that meets with the client in its own environment, such as home, school, group home, residential facility or hospital.

Customised Solutions

INSERTS AND BACKRESTS

MPS inserts are moulded to the shape of the individual user

MPS inserts make it possible for people with scoliosis, kyphosis, lordosis, or any combination of these to be positioned as upright, comfortable and functional as possible.

MPS inserts are protected with a unique waterproofed coating and come with 2 customised washable covers.

MPS produces inserts and backrests for:

- Manual and power wheelchairs
- Commode chairs
- Lounge chairs
- Office chairs
- Car seats

POSITIONING SYSTEMS

Some people with severe disabilities can spend significant hours a day in bed. It is important that they are positioned in a way that is both supporting and comfortable.

MPS produces customised positioning systems, leg cushions and wedges for:

- Supine Lying
- Side Lying
- Prone Lying

MPS positioning systems can be made to support the whole body or just a part of the body.

TRAVEL SOLUTIONS

ANTERIOR NECK SUPPORT

Some people with disabilities may have limited head control resulting in the person's head resting on their chest much of the time.

The **MPS** Anterior Neck Support is a customised product made of foam, individually moulded for each person to support them under the jaw line and onto the sternum.

The **MPS** Anterior Neck Support is suitable for use with a wide range of activities including travelling, working at a computer, watching television, socialising or having a meal.

TRAVEL TRAYS

MPS produces a range of travel trays for use during transport.

PRESSURE CARE SOLUTIONS

MPS is supplier of a range of pressure care products

- Vicair
- Roho
- Jay

Vicair products offer a solution in a broad range of situations and will give the user the unique combination of high performance pressure distribution and optimal positioning.

Vicair products are always ready for use. Safe, durable and maintenance free
