FAQ's

Your Profile

Your profile will be the place where all your academic achievements and experience will be listed. Profiles can only be viewed through the Tutory Portal.

Your Schedule

You organise your own calendar and choose the days you tutor. You have the option of approving individual sessions.

Remuneration and Fee

Tutory takes care of the administration so you can focus on teaching. Our 20% service fee covers full customer support such as secure online payments, pairing with learners and if a learner doesn't show up. Tutory sets a fair price based on experience and qualifications.

Pairing with Learners

When prospective learners contact Tutory they enter their requirements. Tutory matches them with tutors and sends them a pin code for the Tutory Portal.

Bookings by Learners

The learner views your profile, nominates the date and time that works best and then the booking is completed with a credit card or Paypal. You then receive a notification to double check the session date & time.
