

Protect Construction - Our services

Home Renovation:

Major changes like home renovations require a lot of time and effort. Be it designing or planning, production or implementation, with Protect Construction, you don't have to worry about anything because we know all about it at the back of our hand. We are there to help you out with anything and everything! We understand that aesthetics are just as important as the safety of your house, therefore, we transform your property keeping in mind all your wants and requirements.

Home Extensions:

A ground floor extension from Protect Construction is the ideal way to maximise the space and functionality of your home, without necessarily spending a great deal of money but we understand that getting a home extension can become a stressful endeavour for its occupants. At Protect Construction, we are always looking to ensure minimal disruption of your everyday activities while doing our job. So just relax and let us do the rest for you!

Duplex Construction:

A duplex construction not only doubles your income but also maximises your equity and the value of your land. Our team of experts is well-aware of the essential aspects and knowledge required in constructing a duplex dwelling. We have been designing and building duplex homes for a long time and have a wealth of experience helping home owners get the best value from their property. Hence, you don't have to worry about the outcome but just about your next investment!

Home Building and Construction:

We understand that you are really attached to your home and care even about the littlest details of your little sanctuary. Hence, Protect Construction strives hard understand your prerequisites for completing this momentous project and work according to your expectations. Just like you, we also want that you can come into a house that feels like home!

Granny Flats:

A granny flat can be used for accommodating a loved one to creating an additional space for your family. You never know, it may prove useful for accommodating anyone who calls in suddenly. Alternatively, it can also be a way to earn some extra income if you rent it out to someone. Whatever your reason may be for building a granny flat, Protect Construction is there to help you translate your vision into a beautifully designed space to live in!

Landscaping:

Imagine the grass underneath your feet or reading your favourite book under the shade just

outside your home or maybe, even a quiet night with wine and friends as you marvel at the exquisite beauty of your garden. All of these ideas make for a perfect landscape of your dream house! At Protect Construction, we give our clients with a suite of options to choose from and then turn your selected landscape into a beautiful piece of art.

Swimming Pool:

There is nothing like a quick refreshing dip in the pool during the hot summer days and of course nothing like a warm swim during a cold starry night either. Whether you're looking for a designer pool, a lap pool or an infinity pool for your home or your commercial property, Protect Construction is here to address your concerns and create the most magnificent and spectacular swimming pools for you!

Demolition and Excavation:

Protect Construction has years of experience in executing demolition and excavation projects. Be it a residential area, an industrial strip, a rear site clearance or a commercial property, we guarantee safety and affordability in carrying out these massive tasks of stripping your space clean as you get ready for your new venture!

Driveway Paving:

There are so many ways to spruce up the useable space of your new home, but it is just as important to pay attention to the condition of your driveway. Whether your driveway needs a repair or a complete makeover, Protect Construction is happy to accommodate your concerns and create that paved driveway just as you envisioned it to be. Concrete, asphalt, exposed aggregate, repairs, resurfacing, restoration, repainting, we have got it all! We work quickly and get the job done the right way with no delays or "red tape" issues.

At Protect Construction, we care about your dreams and thus, strive hard to understand your needs and meet your expectations. While working with us, you can be sure that your concerns, intentions and entire vision will be given complete attention. Dedicated to safety, precision and detail, Protect Construction is all about helping you fulfil your fantasy of having your own home!
