THE RECRUITMENT BUREAU

## About Us

In the today's business world there are only a few things that are stable – turnover rates are high and good employees seem hard to come by. Thankfully, [Winteringham](#) are your leading recruitment and employment agency and have been helping businesses in Perth find the right candidate for the job since 1988.

We understand that being staffed is not simply enough. Our database of candidates are each individually assessed, analysed and fitted perfectly to align with your business, your values and other existing employees. We are not a *one size fits all* kind of agency. Unlike other recruitment agencies, our in depth screening process allows us to psychologically break down the underpinnings of each applicant, assess their skills and appropriately match them to their desired industry.

When it comes to recruitment, Winteringham takes away the stresses associated with researching, searching and investigating. Our temporary and permanent recruitment services offer employers a chance to find the right person for the job, whilst saving them time and money in the process.

Our recruitment methods are second to none and cover all desired aspects of employment including an induction process, candidate assessments and behavioural interviewing methods. These are all followed up with supervisor specific reference checks and a skills testing system known as Kenexa – Proveit.

We recruit in the areas of:

- Accounts Clerks
- Administration
- Call Centre
- Contracts Administration
- Customer Service
- Data Entry
- Document Control
- Executive Assistant
- Legal Support
- Personal Assistant
- Project Administration
- Reception
- Secretaries
- Site Clerks

The next time you are looking to recruit, be sure to contact Winteringham and make your employment process simple. With retention rates of 98% for placed candidates, there's no doubt that Winteringham are an invaluable resource for all businesses. We are conveniently available 24 hours a day, 7 days a week. Whenever you need someone, Winteringham can help! For more information [contact us](#) today or visit our [website](#)!
