

*"Ethical SEO Brisbane and Gold Coast is synonymous with unparalleled SEO service, promising unlimited branch keywords and digital marketing consulting for all of our clients. Google top listings for your business equals more leads, sales, and brand awareness. So if you are an organisation in Brisbane or the Gold Coast, contact us and start driving traffic to your website today!"*

**Search Engine Optimisation** is without a doubt the most cost effective and powerful marketing technique available today.

When properly done, it can transform your business into a thriving enterprise, even during tough economic times and in just a matter of months.

This is due to the highly targeted nature of the advertising, as you can reach thousands of potential customers by appearing at the top of search results under the right keyword on **Google, Yahoo, and Bing.**

**Promise 1:**

**Performance Only Fees  
&  
Transparent Success Criteria**

We guarantee your site will appear on the first-page (top-five with certain packages) of search results within 30 days or you pay nothing; setup fees refunded!

Don't be misled by the fine print in other provider's conditions or get stuck with a low-service 12 month contract.

**Ethical SEO** is a consulting firm dedicated exclusively to helping organisations achieve prominence online.

Recognising that the complex nature of digital marketing can be overwhelming sometimes, we specialise in answering your questions and translating tech-speak into plain English, while staying focused on business realities.

**ETHICAL SEO**

Promise 2:

Digital Marketing Consulting  
&  
Unlimited Branch Keywords

All of our packages include UNLIMITED branch keywords. This means that as long as you stay with us, we will continue to expand your search engine presence.

We also answer your questions regarding email marketing, pay-per-click, and social media at no additional cost.

Ethical **SEO Gold Coast** and Brisbane is committed to a series of ethical practices that protect you, our client, and that are helping to mature the quality and service standards in our industry.

**ETHICAL SEO**

Promise 3:

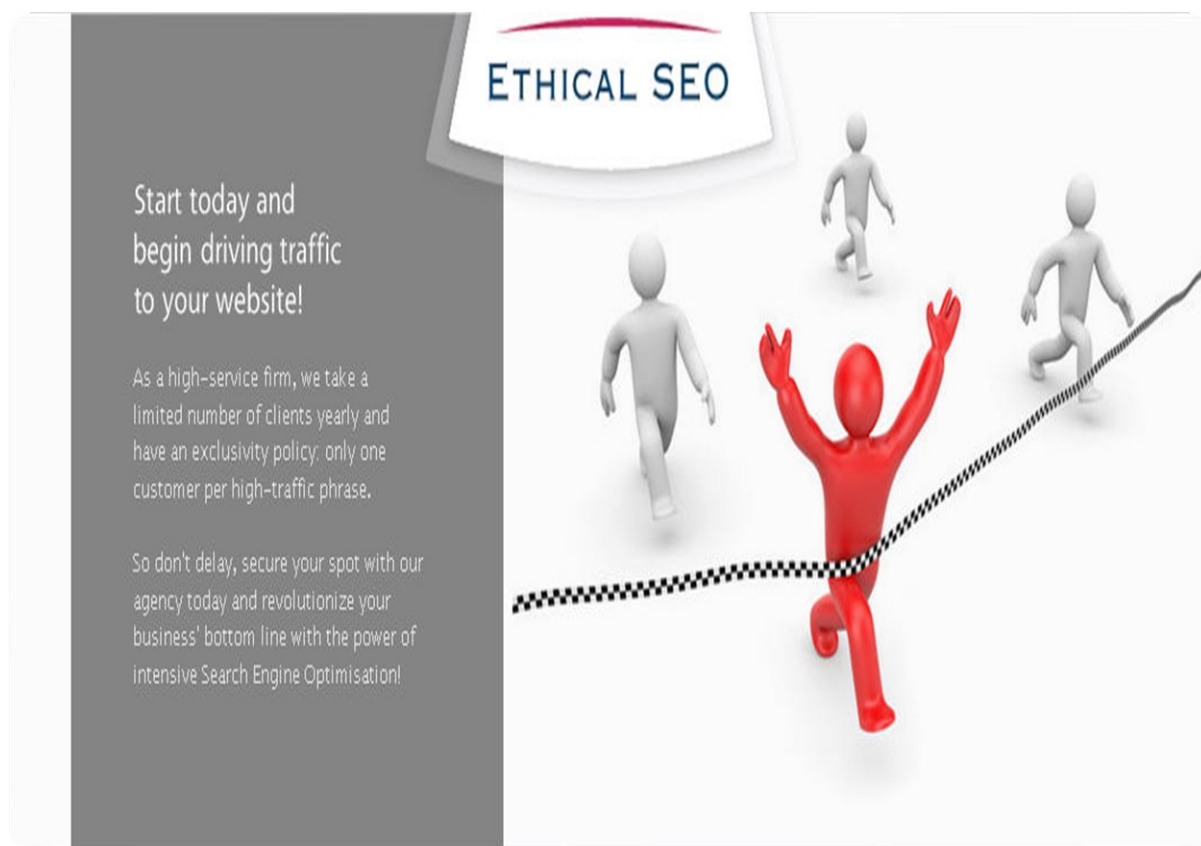

Protecting Your Website  
&  
No Rented Backlinks

Our completely manual and context relevant backlinking approach protects your website by staying within Google and other search engine guidelines.

Most important of all, we NEVER rent backlinks or use link exchange networks, which risk your site being penalized.

With Ethical **SEO Gold Coast** and Brisbane's **guarantee** you can rest easy knowing that your business will appear on the **first-page of Google search results**, or **you pay nothing!** Benefits we can help you realise include:

- Increase your website traffic by 100%-1,000%+;
- Collect more qualified leads;
- Dominate your competition and increase market share;
- Generate a high return on investment for marketing dollars;
- Quickly establish a new brand or product/service offering;
- Raise awareness for a cause;
- Reduce customer acquisition costs;
- Retire wealthy earlier from increased sales.

The graphic features a dark grey vertical panel on the left containing text. To the right, a white background shows three 3D figures running on a path that curves upwards. The leading figure is red and has its arms raised in a celebratory gesture, crossing a black and white checkered finish line. Above the figures, the text 'ETHICAL SEO' is displayed in blue capital letters, with a red swoosh above it.

**ETHICAL SEO**
