

capture your special memories..

So often we fail to capture the fleeting moments in our loved ones lives. An original portrait is a way of preserving these memories.

I create original pencil and oil portraits by hand from your photographs. Simply select your favourite image, send it to me and I will create an original drawing.

Pencil portraits (single subject, 20x25cm) from \$ 125

Oil portraits (single subject, 20x25cm) from \$ 195
