DuPaint is a family run and operated painting business in Sydney.

Started by its founder, Maz Nassimi, in 2006, DuPaint provide effective and practical solutions to all your painting services and decorating needs.

Maz and the team sit down with each client to gather a clear understanding of what type of job is expected, which is something many other painting businesses fail to do. After all, if a client is unhappy then we feel we haven't done our job properly. Client satisfaction has always been key to DuPaint's success.

Whether you want a traditional look, modern finish or something 'out there' such as a feature wall, metallic paint or cement finish, we are well equipped to handle anything.

Attention to detail is one of our many wonderful traits and you can rest assured of a professional finish each and every time. DuPaint will handle any job you can throw at us (interior and exterior) no matter if it is residential, commercial, cafes, bars and restaurants.

And rest assured, we won't leave a mess and will handle your painting needs with a minimum of fuss and disruption to you.

Such is our standing within the industry that we are members of the Master Painters of Australia and carry full insurance, public liability and workers compensation for your peace of mind.

If you are building or renovating, don't leave your quality finishes to someone that isn't qualified.
