Event Styling with Impact

The success of an event is measured by the impression your guests walk away with. Whether it's a product launch, a boardroom dinner or a year-end celebration, we help create ambience and atmosphere through texture, colour and light.

We specialise in floral styling for

- Corporate events
- Client entertainment and hospitality
- Boardroom events
- Balls and socials
- Weddings and family functions
- Product launches
- Gala dinners
- Year-end events
- Staff events

Floral styling for events is what we are known for. Let us bring your occasion and your brand to life.

To discuss how we may be able to enhance your event with floral styling, please contact us. We would be pleased to meet with you in person to understand your needs. We will then develop a detail proposal based on your brief.
