

Having an accountant who is approachable, experienced and that you can trust is vital.

Since 1980 Siragusa Accounting Group continues to deliver exceptional client service and experiences. Our professional team of qualified accountants provide accounting, taxation and financial planning solutions in a personalised manner that is both practical and innovative to enhance your financial position now and in the future.

BUSINESS SOLUTIONS

Whether you are new to business, established in business, or wish to transition from your business and begin a new chapter, we can assist with a range of compliance, strategic and advisory services to ensure that your optimal outcome is achieved.

PERSONAL SOLUTIONS

We provide personal income tax solutions that are as individual as our clients. Whether it's legally maximising your taxation deductions, managing investments or lodging multi-year tax returns, our qualified accountants will work with you to tailor a solution that best suits your individual needs.

OUR SERVICES

COMPLIANCE

Ensuring all financial matters are reported according to appropriate laws can be a challenge. At Siragusa Accounting Group, our compliance services are not viewed as merely assisting you with the red tape, but as a method to enhance your financial outcome.

We work with you to ensure you're up-to-date with compliance requirements with a range of services, including:

Financial Statements
Business Activity Statements (BAS)
Fringe Benefit Returns (FBT)

Income Tax Returns
Trust and company resolutions
ASIC statutory maintenance

STRATEGY

Strategic planning plays an important role in all aspects of business and personal matters. We use our industry expertise and vast experience to create strategies that help you succeed in your personal or business goals in the short term, while simultaneously incorporating these strategies to achieve your long term goals:

Taxation planning
Business entity structures
Asset purchasing strategies

Asset protection
Capital Gains Tax (CGT) strategies
Borrowing and negative gearing strategies

ADVICE

Finding time to work on improving your business is difficult when you're busy managing the day-to-day. Our clients see value in having Siragusa Accounting Group as a trusted adviser to keep on top of matters so that they don't have to. We can provide consulting on a range of financial matters, including:

Establishment of new entity structures
ATO benchmarking
Cash Flow analysis

Self-Managed Superannuation
Business valuations
Succession planning
