# 5 REASONS TO CHOOSE US...

## Your own personal travel guru

Remember how easy it used to be to book a holiday? When someone else took care of everything? When they knew you well enough to get it just right? At Travel Counsellors we believe that this is the only way to recommend travel. It's such a personal thing, you deserve your very own expert who'll build something that fits you personally.

## Truly independent

We're proud to be family-owned. It's what makes us unique. It's what makes us special. It also means your Travel Counsellor is able to book with a huge range of travel providers. That way you can be confident they're recommending a holiday that suits you and your budget, rather than what suits the Suits in the boardroom.

## Your money's completely safe

Nobody does financial protection like we do. We've all heard the horror stories. Stranded holidaymakers, \$000s lost. Not with Travel Counsellors. Everything you book with us is fully protected (and we mean everything - no ifs, no buts, no excuses). With such peace of mind, all you'll have to worry about is your luggage allowance!

## We're global

With over 1300 friendly and professional Travel Counsellors around the world, we're never further than a phone call away. Any time of the day or night, and in any time zone. And our amazing technology means that Travel Counsellors the world-over can benefit from one another's local expertise, regardless of where they're located.

## Award winning

It's always nice to be recognised for doing a great job, especially when it's our customers doing the voting. We think our trophy cabinet looks pretty good, having been three-time winners of The Guardian Best Travel Agent and also achieving the UK's highest business accolade, the Queen's Award for Enterprise on two separate occasions. Once in 2003, and again in 2014!

**Fulfilling dreams; creating memories. We're Travel Counsellors**
