

We're committed to maintaining extremely high standards of accuracy

We understand that accuracy is the cornerstone of your business.

And as a medical transcription service, accuracy is at the heart of what we do, too. We value our long term relationship with your practice, which is why we have rigorous quality control processes in place to ensure we get it right — every time.

Our transcription process ensures that each of your medical reports is:

- Diligently transcribed by a medical transcriptionist
- Proofread by an experienced editor

And our commitment to quality is further supported by our audit policy.

At Access Transcription, we only employ qualified medical professionals. Our transcription team consists primarily of registered nurses — so you can be certain your reports will be handled accurately, securely and professionally.

Hear from one of our customers...

"Utilising Access Transcription has resolved the issues of administrative staff down-time such as sick leave, annual leave — and also gives us the flexibility to recruit with no time constraints."

There are no hidden costs and the cost for transcription is very competitive. We have no hesitation in recommending this service."

Deborah Lazarenko,
Customer Service Manager
Red Radiology, Brisbane

Why the Philippines?

Access Transcription is Australian-owned, with offshore production centres located in Manila, the Philippines.

As the third-largest English-speaking country in the world, the Philippines is an excellent destination for offshore transcription services.

The country:

- Has a quality educational system, producing a huge pool of talented medical graduates
- Has a highly skilled, yet affordable workforce
- Conducts its education in English
- Is utilised by many international companies, including Microsoft, IBM, T-Mobile and Dell
- Is home to a world-class infrastructure network (including high speed internet)
- Works to a similar time zone as Australia

Filipinos have a well-deserved reputation as hard workers and outstanding employees. Each of our team members will go out of their way to provide you with great service — resulting in a positive working relationship and increased productivity for your practice.

Call 1300 717 725 now to begin your free Access Transcription trial.

We process your reports to your exact specifications — just like your own in-house team do.

So once you provide us with your usual formatting and font details, our transcriptionists can get started.

It's so quick and easy to begin. Call NOW to start saving money on your transcription costs.

Flexible transcription to suit YOUR circumstances

At Access Transcription, we integrate with your existing staff to provide you with a large pool of trained transcriptionists.

We can cater to your specific transcription requirements in the following ways...

- Our large-scale operation means we can provide transcription services for ANY size of medical practice, large or small
- We integrate with the leading Information Systems
- You can outsource all of your transcription work, or just a small percentage — it's completely up to you
- You can increase and decrease transcription quantity at your discretion, to cover sick leave, annual leave and general volume spikes
- Our turnaround times are negotiable, depending on your needs (ranging from less than one hour to overnight)

Complete data security — guaranteed

We take your patients' privacy and confidentiality very seriously, and have numerous physical and technological barriers in place to prevent any breaches of security.

Access Transcription complies with the following Legislation/Regulations:

- Privacy Act 1988 (Australian)
- Data Privacy Act of 2011 (Philippines)
- National Privacy Principles 9 (Transborder data flows)
- Good Medical Practice: A Code of conduct for Doctors in Australia
- The Royal Australian and New Zealand College of Radiologists – Standards of Practice for Diagnostic Radiology version 9.1
