e: info@motorhomesoz.com.au

www.motorhomesoz.com.au

Welcome and Congratulations!

You've taken the first step towards your new motor home... let the fun and relaxation begin!

Hello and welcome

“A Big Thank You for Your Interest in Our Custom Built Motorhome!”

In this pack you'll find everything you need to help with your decision... including some design plans we use regularly and a few of the generic models we've introduced to give you more 'Bang For Your Buck'.

That said, please do not think you have to limit your thinking to what you see here - we can and often do design ANYTHING!

To put you in the picture here are 5 BIG reasons grey nomads tell us they LOVE **The Motorhome Conversion Company**...

IMPORTANT REASON #1 - NO RISK TO YOU - you're fully covered by our industry-leading “Love Your Motor Home or Get 100% of Your Money Back” 30 Day Guarantee – see pack for details

IMPORTANT REASON #2 - We make it easy for you because you're not getting any younger - most of our vehicles only require a normal car licence, have automatic transmissions and because they are only 7m long they are easy to drive and manoeuvre...

IMPORTANT REASON #3 - Convenience - our designs mean you can walk around and make your bed (no climbing a ladder!)

IMPORTANT REASON #4 - You've worked hard all your life and deserve the freedom to roam and there's never been a better time to get started than right NOW, especially when we do all the work for you... you literally just have to drive away and enjoy!

IMPORTANT REASON #5 - Monthly specials - just our little way of saying “thanks for choosing” us we offer a variety of money-saving specials – call us to check what's on this month!!

By the way, I want to reassure you of what a Great Decision you have made in choosing **The Motorhome Conversion Company** so here are...

8 Easy Steps I believe We Are a Perfect Fit for You!

Investing in a motorhome requires serious consideration. Just so you know what's involved here's a quick run-down of what usually happens from your initial inquiry to you driving away in your new fitted Motorhome ...

EASY STEP #1 - YOUR INITIAL INQUIRY

You will be met by a friendly and helpful team member who will be genuine and sincere and listen to your needs. This is also an information gathering process to establish your wants and specifics requirements.

EASY STEP #2 - YOUR “1-on-1 60 Minute Design and Discovery” CONSULTATION

Based on “where you are at” the next step is to make an appointment for you to come in and look at already built motorhomes in our display showroom. You'll also get to see motorhomes being built in our factory.

We've found being able to physically touch and see what your fitout will be like is very helpful in the decision-making process.

You'll see design options you may not have previously considered. We find many people are surprised at what options are available. At any one time 15 to 20 motorhomes are on display for your inspection.

Regardless of how long you stay our fully equipped customer lounge with refreshments keeps you comfortable.

EASY STEP #3 - YOUR COMMITMENT

Fitting your motorhome for your requirements can take 6-8 weeks. During the build process we can email photos of each build stage. Our workmen are all qualified tradesman, fitters, cabinetmakers, electricians etc.

EASY STEP #4 - PROGRESS REPORT

During this process you'll receive newsletters and emails along with phone calls updating you with how it's moving along.

EASY STEP #5 - THE BIG DAY ARRIVES - HANDOVER!

Now when the big day comes for delivery please let us know your direction of travel so we can arrange tollway authority as we have several tollways in our area. You must allow 3 hours for delivery handover. During this time we'll help familiarise you with all the workings of your motorhome, most important for your future travels. By the time you leave our showroom you will be an expert in control and operation of all facets of your new motorhome.

EASY STEP #6 - PRIZE WHEEL SPIN

Bonus!!! Before you leave you'll spin our ever-popular "prize wheel". We change the prizes all the time. Here's a sample of what we've offered in the past – GPS Sat Nav, Dinner Set, Wheel Nut Remover, Free Service, Shade, Awning Mat, Gift Voucher.

This really adds to the excitement of you taking delivery of your new motorhome. You've waited a long time for this day to arrive; we are pleased you choose to share the journey with all of us!

EASY STEP #7 - TRAVEL ADVICE

If you want to find the best spots to start your travels our longest serving designer can help advise you (he is a motorhome owner himself) and has an inventory of amazing places to see and visit. This is eye-opening for even the most seasoned traveller. Just ask us and we'll arrange the meeting.

EASY STEP #8 - ONGOING UPDATES

As well as on our website (<http://www.motorhomesoz.com.au/>), you will also be updated monthly with our newsletter on places to visit. Our clients on the road tell us the best spots to go and see. We then pass this information on to you via the newsletter. It's one of the joys of what we do... we also love to hear about your travels so make sure you drop us a line or email on any beautiful spots you find that way we can pass it on to others!

So please, grab a cuppa and take a few minutes to go through all the materials here, you'll find them interesting, informative and hopefully "possibility expanding" in terms of what lies ahead for your travels. Once again, thanks for your interest in our company and should you have any further queries, please contact us via our website, email, or simply call us!

Warm Regards,

John Jeffrey - Managing Director

P.S. See over for what just a few of our recent clients say... will your "freedom story" be next with **The Motorhome Conversion Company**?

What three recent clients say...

"Happy with the price and fit-out!"

"After we decided to sell our caravan and Landcruiser to purchase a motorhome, we looked at various options and prices. We felt that a Toyota Coaster was our best option for building the motorhome we wanted. We searched the internet and found the Motorhome Conversion Company had years of experience in with Coasters. We approached them with a plan to custom-build our motorhome and we were very happy with both the price and the quality of the fit-out" **Peter and Rhonda, Cleveland - QLD**

"Bought one the same day!"

"We originally began looking at Ex-rental motorhomes that would suit our budget as we didn't think there was an alternative. We decided to stop into the **Motorhome Conversion Co** to see their range of motorhomes that were available. For the same price, we decided that a Coaster with a brand new interior and much lower k's than the ex-rentals was better value for money so we bought one the same day!" **Norman and Janice Banora Pt - NSW**

"We loved it!"

"We looked at a few internet sites for motorhomes and came across **The Motorhome Conversion Company**. We were fascinated with the new Mazda Gekko range of Campervans that were available. On viewing this Campervan, we loved it. Our Salesperson John was very helpful, so we purchased our Gekko the same day!" **Myles and Hilary, Holmview - Qld**

See the rest of this pack for more information NOW!

We offer unheard of, unequalled and industry first guarantees for your peace of mind!

OUTRAGEOUS INDUSTRY FIRST GUARANTEE...

“Love Your Motorhome Or Get 100% of Your Money Back” 30 Day Guarantee

At Motorhome Conversion Company, unlike most other motorhome companies, we put our money where our mouth is.

Here's how it works...

In the unlikely event that you're not completely satisfied with your new motorhome and we can't fix the problem, then we'll offer you a full 100% money Back Guarantee but of course, you must let us know exactly what your problem is within 30 days of taking delivery.

Rest assured with this kind of guarantee in place, we'd soon go broke if we didn't back up every single promise.

And of course, this is on top of any rights and warranties you may have which are implied by law, including the Competition and Consumer Act.

John Jeffreys
Motorhome Conversion Company

Unheard of, Unequalled, Industry First...

RISK FREE LIFETIME GUARANTEE!

*In the unlikely event, there is a problem with the workmanship of your new Motorhome Conversion Company factory fitout, or with any of the new appliances, then we'll fix them for **FREE** for your lifetime or your ownership of the motorhome.*

Quite simply, we stand behind our workmanship and the quality of our fit out so you finally have the comfort and security of knowing your Motorhome fit out is guaranteed to live up to your expectations.

John Jeffreys
Motorhome Conversion Company

Our Motorhome Conversion is mostly with Toyota Coaster which is the Pinnacle in bus conversions, known for its reliability, healthy fuel economy and low maintenance. We also fit out the larger Hino for those wanting a bit of extra space.

All motorhomes under 4.5 tonnes require only a Car Licence while over 4.5 tonnes need a Light Rigid Licence.

The journey starts here...
