COURAGE TO CHANGE WORKSHOPS

Are you in a rut? Are you overwhelmed by indecision? Do you feel like you can achieve more in your life?

Run by the Clarity Road Team, Courage to Change Workshops will help you to erase the limitations preventing you from becoming the best you can be. Our workshops offer a safe, informal environment where you can say what is on your mind, without judgement, and we help guide you on a path of self discovery and happiness for the life you want.

The Courage to Change Program is designed to help you to:

- Re-connect you with your sense of self
- Take the first steps toward your dreams
- Open your mind to new possibilities
- Re-examine your values, attitudes and beliefs
- Build a greater sense of confidence and life purpose
- Build your self esteem

Whether you come individually or with a friend, our Clarity Coaches will invigorate your life, and power your potential to succeed.
