peels & vitafusion treatments

Lactic peels are excellent for resurfacing the skin increasing moisture and for fine lines, hyperpigmentation and uneven skin texture. It works effectively to firm and smooth the skin's surface and reduce the signs of ageing. Lactic peels can be done in 30% and 50% strength.

LACTIC PEELS (30 Minutes).....First treatment \$140

.....\$60 Afterwards

(30% or 50%) This level of lactic is an excellent source of hydration and will stimulate collagen and elastin production and is designed to target sun damage, uneven skin tone, fine lines and wrinkles whilst improving the skin's texture. *First treatment includes even skin tone serum which is used to prepare the skin for 2 weeks prior to a treatment.*

BHA SKIN WORKOUT (30 Minutes) (deep exfoliation).....\$85

Oily skin types tend to have large pores, and often have trouble controlling grease and shine. Salicylic Acid is one of the only ingredients which can actually penetrate deep into pores to clean away sebum. This treatment contains 20% Salicylic Acid, which will refine the skin by exfoliating away surface debris, as well as improving the look of pores and treating acne-prone skin.

VITA PEEL (30 Minutes).....\$95

Perfect for ageing or sun damaged skin, this potent peel features high-strength AHAs, BHAs and Resorcinol. Vitapeel will exfoliate away dead skin cells which clog the skin making it look dull, and also work to brighten pigmentation and sun spots, leaving you with fresh glowing skin.

MANDELIC ACID PEEL (30 Minutes)\$80

Dramatically exfoliates the skin to reveal a clearer brighter complexion. Mandelic Acid is suitable for all skin types and concerns.

Ultraceuticals peel treatments are best delivered in a course of six treatments. These are recommended fortnightly over a 12 week period and combined with the appropriate home care to deliver maximum benefit. Follow up peels are recommended as required. Because the Ultraceuticals range contains high levels of active ingredients, we recommend performing the Ultra Consultation prior to any home care recommendation or professional treatment in order to correctly prescribe.
