MASTER PAINTERS ASSOCIATION

Since 1901

It's cute, it's quirky and it's just won a painting award!

Nestled in the hills of Fairlight, this unassuming yet historic worker's cottage has just won a Master Painters Award for Excellence for the work carried out by Courtney & Wise painting contractors.

"Winning this award is great recognition of the difference that a top quality painting job can make to enhance a home's good looks, not to mention what it adds to its value" says Michael Peters of Courtney & Wise.

The award was for residential painting projects with a value under \$20,000, but as Michael says "what made this award all the more significant was the fact that it was for exterior painting to aged timber weatherboards to the original cottage and then to Hardiplank surfaces to the recent extension at the rear of the property.

All the brushwork was done by hand, and let's face it, coating weatherboards over 100 years old and then putting the work up for judging by our peers was certainly a risk. I'm glad however, that the Master Painters saw the work for what it is - a harmonious marriage between old and new structures and surfaces through the use of colour and the attention to detail in its application."

The home's owner had previously used Courtney & Wise for some minor interior and exterior painting works and when the time came to invest in a full exterior re-paint had no hesitation in calling in the company once again to undertake this important work.

"We pride ourselves on the recommendations and repeat business from our customers and would consider it a failure if a customer did not use us time and time again for their painting needs" says Michael.

Courtney & Wise is a second generation family business, specialising in what is known as residential re-painting around Sydney's North Shore and Northern Beaches since 1954. Michael Peters can be contacted for more information or to arrange an appointment on 9958 1099.
