## SPRAY TANNING

NakedTan botanical based tanning solutions ensure a timeless tan. NakedTan is the infusion of its pure botanical ingredients that nourish and moisturise the skin within while a bronzed natural tan is rapidly achieved to wash ‘n’ wear in just 2 hrs. And will actually continue developing into a deeper tan long after the bronzer has been washed off. The finest quality DHA (Dihydroxyacetone) from Germany is used together with the botanical Erythrulose. This creates a reaction with the amino acids and proteins in the skins epidermis. A natural looking tan will develop enhancing the melanin of each individual’s skin tone. This revolutionary new tanning formula reacts rapidly within the skins epidermis to deliver an even, natural tan quicker than any other tan product currently on the market and because of the active ingredients used in the formula you will attain a tan that will last like no other.
