

Electrics for industry

"Your partner in factory maintenance"

Electrics for Industry

Electrics For Industry are a specialised electrical labour contracting company based in the South Eastern suburbs of Melbourne, offering contract electrical maintenance services to the Food Industry.

With many years of experience in maintaining food processing lines, Electrics For Industry have earned a reputation for excellence in customer service and quality work to ensure optimum production uptime. Electrics For Industry provide a complete plant maintenance service.

Our guiding principles and promises that we make to our customers are -

Partnership

We are committed to our clients, their business and to their people as they were our own.

Loyalty

To our people, clients and suppliers to deliver on our obligations

Prevention is better than cure Maintain machinery and lines in optimum working order to ensure continuous production.

Quality

We recognise that our long term reputation depends on quality service and workmanship. We take sincere pride in what we do and build.

Honesty & Integrity

We are committed to treating others as we want to be treated. We are honest, fair and straightforward in our conduct with our people, customers and suppliers. We are trustworthy.

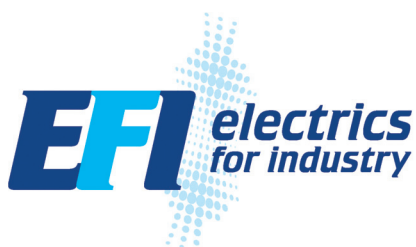

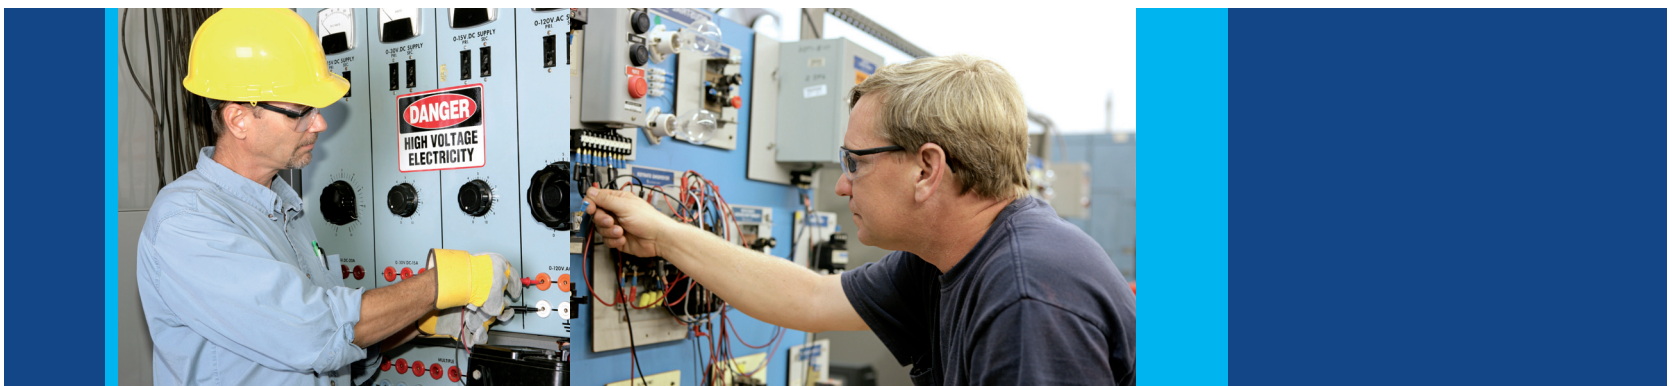

Responsibility

Our people are committed to taking responsibility for meeting commitments and obligations. We are accountable for our actions and will always strive to provide the highest quality of service and performance.

Safety

We care about the health and welfare of our employees and the people that work with our people. Our people understand the importance of safety and are committed to working safely and insuring a safe work environment. We will not compromise safety under any circumstances.

Electrics For Industry, your trusted partner in factory maintenance
