ISSUE #18

The
transformation

Reveal your best
winter skin

Buff yourself beautiful

As our skin covers our entire body, there is a huge winter window of beautifying opportunity to buff, polish and love ourselves into winter wonderful shape: from our complexion, to our hands and feet – not forgetting our lovely legs and body.

This month we take you through the ultimate winter body overhaul – leaving no loofah or pumice unturned. We like to think of it as investing in our future, because come bikini beach time – we plan to be ready!

Behind the scenes

Exfoliation = regeneration

Give your skin a fresh start every single day by removing dead skin cells from the face and body that can cause dullness, blockages, flaking and rough textures.

- ✓ Exfoliate prior to treatment products such as masques, serums, face and body lotions and balms to prep the skin, aiding absorption for maximum results.
- ✓ Apply gentle, circular movements with the hands when exfoliating the face.
- ✓ Invest in a good quality, natural loofah for the body.
- ✓ Use your loofah daily with your chosen body scrub, working in circular motions. Apply pressure using your own discretion over various parts of the body.
- ✓ Areas like the thighs and buttocks will reap the benefits of improved circulation and a smoother appearance: firm pressure.
- ✓ Help treat pimples and skin aggravations on the arms and back: medium pressure.
- ✓ Pain-free remedy for ingrown hairs: light pressure.

Out with the old - in with the new in 10 steps

FACE
1

Honey & Almond Scrub

Apply to damp skin and work in gentle circular motions. Rinse off with warm water.

FACE
2

Nourish: Nutri-Rich Nourishing Masque

Clinically proven to continuously increase skin hydration for up to 4 hours after one application[†].

Smooth over the face and leave for 10-15 minutes. Massage in any excess product, or remove with your preferred Nutrimetics Toning Lotion.

[†]Based on in vivo testing.

OR
FACE
2

Brighten: Ultra Care+ Brightening Oxygen Treatment

Seven out of 10 women saw less dark spots*.

Apply to damp skin, leave on for 10 minutes, rinse thoroughly and pat dry.

*Based on consumer self-evaluation.

FACE
3

Ultra Care+ C10 Firming Serum

With 10% Vitamin C in each capsule, 77% reported visibly firmer skin in just 28 days[^].

Massage the contents of one capsule into the face, neck and décolletage, indulging in generous, circulation-boosting strokes.

Why your skin loves Vitamin C

- ▶ Helps the body produce collagen
- ▶ Acts as an antioxidant, preventing cellular damage caused by free radicals
- ▶ Protects the skin from ultraviolet rays
- ▶ Helps reduce wrinkles and improve skin texture.

[^]Based on consumer self-evaluation over 28 days.

FACE
4

Nutrimetics Night Crème

A good quality night crème helps you take advantage of the body's rest phase, penetrating deep within the skin while the body repairs itself for extreme results.

Apply after your serum in circular motions, encouraging circulation while ensuring the crème is absorbed into the skin.

LIPS
5

Ultra Care+ Lip Apeel

Instantly smooths and plumps dry lips in two steps:

1. Apply a thin layer of Line Peel to the lips and allow to dry. Gently rub off, and remove residue with a damp cloth.
2. Follow with Lip Nourisher.

BODY
6

Ultra Care+ Body Micro-Dermabrasion

For areas requiring intense resurfacing like the thighs and buttocks, use a loofah for no more than two minutes in the same area. Rinse thoroughly and pat dry.

95% of women reported a visibly smoother body[^].

HANDS
8

Ultra Care+ Night & Day Hand Repair Kit

86% of women saw less pigmentation in 28 days[^].
