

BUILDERS EDGE QLD

COMPREHENSIVE
BUSINESS
SOLUTIONS

Hi, my name is Jenieka Banens. I am the managing director of Builders Edge.

I am proud to introduce to you a new concept in administration assistance for the building industry. At Builders Edge we take care of all your administrative needs, so you don't have to. From debt collection and invoicing to business and marketing plans. Just think of the extra time you can spend with your family and friends or doing the work you are good at. Unlike a book keeper, who only attends to one aspect of your business, we attend to anything that you require of us, our business is your business— it's just a matter of choosing the package suited to your needs.

What are some of the benefits you can expect from using Builders Edge?

- Increased Cash Flow
- Higher Profile
- Increased Charge Rates
- Knowledge that things have been done right the first time

All of our work is fully tax deductible.

Please give us a call so we can discuss further what we can do for you, all obligation free.

Put your business on the right track today!

Jenieka B

Jenieka Banens
Managing Director

Hello, my name is Shane Walls.

I've met many of you over the last few years in my former role of Membership Services Officer for the Master Builders Association. In my 4 yrs with the Master Builders Association and being involved in the building industry for 22 years on the Sunshine Coast, one of the greatest problems I saw was poor paperwork and lack of business planning. This is understandable, few tradesmen want to come home at the end of the day and take care of those tasks.

Previously other than pointing out you should have a business plan and marketing plan to make your business succeed (for good and bad times, which we have all experienced) I really couldn't provide many concrete answers.

However finally I am able to recommend a business that will take care of those tasks for you, Builders Edge. Administrative tasks are unglamorous but they provide real benefits to you, that is more money in your pocket and less time spent away from working or the family. Economic conditions are going to get tougher and cash flow and professionalism will be even more important in the coming year.

Contact Builders Edge today and remember, they only offer their services to the building and construction industry.
