BOSCH
Invented for life

Solution 844 Security System

Superior reliability and performance

Key Feature Summary

- 4 Programmable burglary zones and four 24 hour zones
- 8 User codes
- Dual reporting
- Domestic dialling
- Automatic arm/disarm
- Day alarm
- Perfect for small to medium residential applications and small retail outlets

Peace of Mind

Your Bosch Security System provides you with peace of mind. Whether you're away or at home, the Solution 844 can provide additional protection against threats to your life and property. When used with a monitoring service, this Bosch Security panel can provide responsive assistance when you need it most for your family and the assets you have worked hard to own.

Simplicity of Use

Designed with simplicity in mind, all it takes to operate the Solution 844 panel is one touch. By simply holding the #AWAY key you can arm your system in AWAY mode. To disarm simply enter your 4 digit code.

Modern and Stylish Codepad

The Solution 844 features a stylish and simplistic LED codepad. These small and unobtrusive code pads will compliment the decor of any home.

Easy Arming Options

The Solution 844 can be programmed to use a wireless remote that is small and can fit on your keyring. These allow you to arm and disarm your home as you leave at the press of a button.

The wireless remote can also be used to set the system in STAY mode, act as a portable panic button and can even be used to switch lights or open garage doors.

Flexible Security

Night Arm Stations can be added to the Solution 844 unit providing added security and protection from the convenience of your bedside. You can arm and disarm the system at the touch of a button and it also has an easy to operate built in panic function.

Compatible Accessories

DS940Q - Using Quad Passive Infra-Red Sensor with 13m x 13m coverage, allows virtually instantaneous response to human intruders without false alarming. Perfect for almost every home.

DS835iT - TriTech® Dual Microwave and PIR with 11m x 11m coverage. Superior technology with pet immunity.
