

Australia produces some of the finest food and wines in the world and we take full advantage here at The Purple Olive to bring the best to you. Our fish is always wild line caught never “farmed”, the lamb is either from Victoria or Tasmania and we only use the finest beef from Kilcoy which is at the base of the Conondale range on the Sunshine Coast. Pasta and gnocchi are home made and the pizza dough is naturally fermented. Vegetarians and gluten free guests have not been forgotten here we have an array of options for you and we also cater for those with special dietary needs. Thank you for dining at The Purple Olive.
