

Human Dynamics Facilitator

My Areas of Research

Who needs the services of a Human Dynamics Facilitator?

Those who want to solve people, communication or process problems. A human Dynamics Facilitator is like a personality expert...a people skills coach...and a people whisperer all rolled into one. Once you've learnt what he has to teach, you will finally get answers to the big WHY questions of life: *Why* do I feel the way I do? *Why* am I different? *Why* do I always seem to do this to myself? *Why* am I misunderstood? *Why* can't I get others to see what I can clearly see? *Why* don't people hear what I am really saying to them? *Why* can't I figure out what keeps happening in my life & relationships?

Get access to inside information on human behaviour

At your first session, you will receive your deep core personality profile along with a full explanation of what makes people tick. In addition to this **People** session, you can also do other key sessions like, **Communication** and **Process**. After doing all three of these particular sessions, you will know precisely what to do to solve problems in any area of your life.

*A problem shared is a problem halved ...
and a problem shared with the right person
... is a problem solved!*

Why am I the right person to talk to about problems?

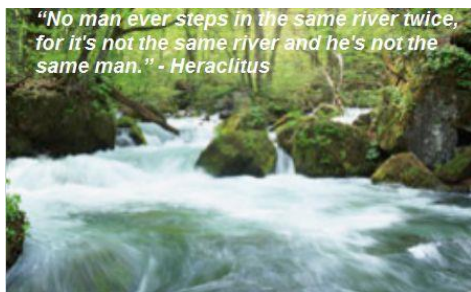

Because what I have to offer is completely objective, with practical applications in the real world. I REALLY do care about what I do ... and I REALLY do listen...so talking to me is like talking to a best friend or close family member (but one who also happens to be an expert in personality, communication & problem solving).

The deepest patterns in your behaviour

We all inherited a deep core personality from the great genetic lottery. You will get to discover which one you inherited and why. Suddenly, everything will make perfect sense. You will also get to learn about the patterns inherited by the significant others in your life ... and just as suddenly ... even the most baffling of *their* behaviours will start to make perfect sense.

*"No man ever steps in the same river twice,
for it's not the same river and he's not the
same man." - Heraclitus*

For whoever you are ... or wherever you are ... on the timeline of your life

I help you to understand the big picture of your life by showing you valuable information about your entire life story – even aspects of your pattern that you haven't developed into yet. How can this be? Because I mapped the deep core personality patterns that we are all born with—to the maturity continuum that we must all grow through. This is really interesting stuff (like freaky interesting).

Life changing event

I guarantee that your first session will be life changing—or I will give you your money back—no questions asked. Remember this...nothing changes if you don't make a change...you have to do something different if you want things to be different. What I have to offer is like nothing you have ever seen before—so come along and be amazed...even shocked...by what you will learn. I also offer coaching, mentoring and counselling in a range of behavioural and/or goal areas.

Don't go through the rest of your life wondering why it doesn't seem to make much sense. Come and see me and find answers to even the most baffling of problems. You will finally get to understand all the perplexing things that seemed weird to you before. You will be like a different person once you have seen the depth of what I have to share. Finding this information is like finding a detailed street map when you are lost. All you have to do is look at the maps to see how everything is laid out. I use pictures that paint a thousand words so you don't have to do anything but sit back and relax—while your learning is being accelerated. Why wait? Get the answers you need to solve your problems today!
