

Homes individually designed for your life

What can be done? & What will it cost?

These are undoubtedly the two big questions when it comes to building a new home.

Being a northern beaches business, we have the local knowledge and experience to accurately assess even the most difficult home sites. Our property assessments are free of charge and could be the first step to unlocking your properties full potential. Contact Paul directly on 0411 136 788 or via email at paul@peninsulahomes.com.au to discuss your individual requirements.

The northern beaches landscape is truly unique with every block of land offering something different. Our homes are designed and built with this in mind. Your home will be custom designed to harmonise with your land and surroundings.

The Only Choice for Your Next Building Project

1. Each project receives our personal attention, so your home is completed to the highest standard.
2. We listen to our clients through every step of the project. After all, it is your home so your requirements come first.
3. We can provide a complete key-turn solution, from concept plans and working drawings, to the final Occupation Certificate, reducing your time and stress.
4. A written quote will be received within 10 working days of our meeting, enabling you to move to the next stage much quicker.
5. With over 20 years industry experience, our team has what it takes to see your project through to completion with a minimum of fuss.
6. Local knowledge and experience. With our building office located in Warriewood, Peninsula Homes is centrally located to service the entire northern beaches and be available when our clients need us.
7. Every home goes through our Quality Assurance Check List, so even the smallest details are checked.
8. We start on time and we finish on or before the agreed completion date "Guaranteed".
9. As a member of the NSW Master Builder's Association, you can be certain that we are up to date with all the industries best practices.
10. You will be 100% satisfied with your home and our service - we guarantee it!

Here are **10 reasons** why Peninsula Homes is the **ONLY** choice for your next building project:
