Since 1981, the team at The Back and Neck Bedding have been helping people choose the right bed and bedding accessories, with their extensive product knowledge and experience. The Back and Neck Bedding Company specialize in premium quality latex bedding, designed to deliver luxurious comfort and exceptional full body support. Reduce aches and pain and get a good night's sleep; let the bedding experts' help you select the right mattress which can help reduce pressure on your hips and shoulders while you rest and improve your sleep. Our premium latex mattresses come with a 10 year guarantee; we pride ourselves on delivering value for money, without sacrificing quality.

Why choose latex?

Latex is derived from the sap of the Hevea Brasiliensis tree and is a renewable and sustainable resource. The natural fibre of latex boasts an open cell structure which is able to disperse moisture and heat build-up. It also makes it a supportive and durable bedding material with a life span of up to 30 years. In addition to this, latex bedding also provides cushioned support for your joint, promoting a deeper and more restful sleep.

A Healthier Choice:

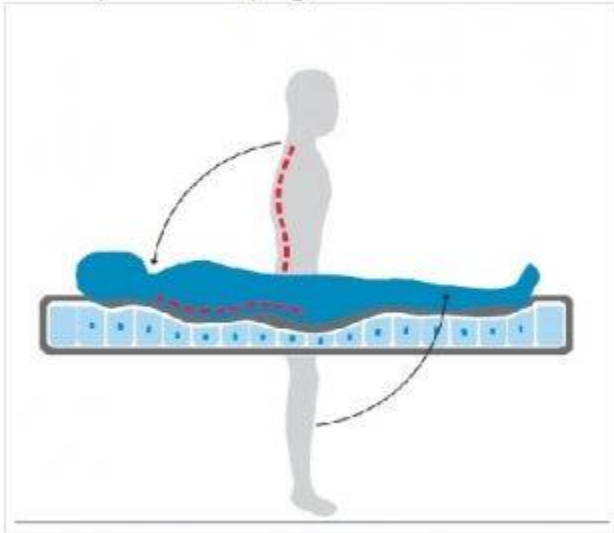

The Back and Neck Bedding Company delivers bedding that is cleaner and healthier than other mattresses available on the market. Our range of latex bedding is Anti-bacterial, Dust Mite free and Hypo-Allergenic, perfect for those who suffer from allergies and respiratory problems. Our latex mattress do not feature wool quilting, as wool is susceptible to bed bugs and mites. Our removable mattress covers allow for dry cleaning or replacing, ensuring your bedding is a clean surface void of bugs, dust and pollen.
