WESTRAL

Nobody But Nobody Beats Westral's Price on Rhapsody - The Best Blinds You've Ever Seen!

ACTUAL SLIMLINE WIDTH

ACTUAL MICRO WIDTH

The only all aluminium blind made in W.A.

- Incredible selection of today's decor colours
- More slats, more privacy
- Strong, extruded aluminium head rail with special "no light" skirting feature
- Enclosed bottom rail - Stronger & cleaner
- Exclusive "Loop Rite" tape drum
- Double slat support ladder tape- twice the strength
- Non-rusting, long lasting aluminium slats in two slat widths - 16mm & 25mm
- Slim 'glass clear' wand control

When we say these are the best blinds we've ever created, you can believe it. We've searched the world for the best in technology, materials and operating systems and put them all together in Australia with flair and style. The result is the best Micro & Slimline blinds you've ever seen - with more features, more benefits, more colours, more enjoyment - for a lifetime of good looks.

Rhapsody™
VENETIANS

WESTRAL
Rhapsody™

MICRO / SLIMLINE
VENETIAN BLINDS

The new generation blinds that lead the way in fashion, design & quality with more benefits than any other blind.

AVAILABLE WITH DUAL OR OPTIONAL MONO, ELECTRIC OR REMOTE CONTROL

'GOODNIGHTER' SLIMLINE VENETIAN BLINDS
'Goodnighter' gives you more control over light, heat and privacy. With more slats in each blind and miniature cord holes set at the back of each slat, the 'Goodnighter', when closed, makes the holes disappear!

WESTRAL TIMBER BLINDS & SHUTTERS

Thinking about the natural beauty of timber blinds and shutters? Then Canadian Western Red Cedar selected for stability, natural colour and grain variations is the timber you should choose. Our blinds and shutters have a warmth and character that blends with almost any colour scheme. You have a choice of either oil, lacquer, stain or paint finishes and a host of special features you'll enjoy for many years.

Choice of cord
or fabric tapes

WESTRAL CALIFORNIAN BLINDS & WESTRAL ROMAN BLINDS

NEW

California Blinds

Westral are proud of their new exciting window coverings, the **Californian Blinds** and **Roman Blinds** available in sunscreen see-through fabrics, blackout and light filtering fabrics. Westral blinds are made to last. Fabrics resist fraying and fading. Roller mechanisms operate smoothly and are designed for years of trouble-free use.

Panel Glide

WESTRAL'S EXCLUSIVE WARRANTY

With the same WA ownership since it commenced operations in 1973, Westral looks after your investment with a full warranty against faulty products, irrespective of age.

Available in a choice of five slat widths and three different track styles

WESTRAL VERTICALS

With a choice of three tracking systems, including the Decomatic Deluxe, judged the best for sound workmanship and user-friendliness.

With so many colours and fabrics to choose from, Westral Verticals provide the window style you're looking for, in any room of your home.

Manufactured in Western Australia using the world's best components and fittings, Westral Verticals always hang straight, thanks to Westral's Decomatic Deluxe tracking system. With our exclusive fingertip controlled open/close/overlap system for optimum heat and light control, your Westral Verticals work perfectly every time. They look superb from inside or out. Available in a choice of five slat widths, you also have an incredible range of long life, low maintenance fabrics and colours to select from.

Special benefits of the Decomatic track include equal slat spacing, maximum side cover and special release for window cleaning. These and a few of the other features are shown below.

There are just so many ways Westral can help you achieve the look you want in Verticals. Our Verticals sit inside the window frame, or outside it for a superb window furnishing statement. Operating the blinds can be by cord, wand, electric or remote-more options than any other system.

Minimum side light gap at the control end

Stack release for convenient window cleaning

Slim stack of louvres for maximum view with open blind

Sturdy, flexible bracket system

Moisture resistant bottom weights and link chain

Integrated step-on protection chain easily clips on again

NEW Fashion Ranges Now Available & Priced to suit your budget

The ultimate in light and glare control with today's fashion and style

A trained Westral Consultant can help you decide which Westral Verticals are right for you and your home. Ask for an obligation free measure and quote.

ROLLER BLINDS

Choose from an extensive array of colours, weaves and textures or have your own fabric bonded for a perfect matching finish to existing window coverings. Westral has a roller blind to suit your needs being ideal for any decor scheme in any room of your home.

The fabrics are environmentally friendly, control glare and are excellent for heat control. There are fabrics which allow you natural light and airflow whilst maintaining your view, translucent fabrics for filtered light, textured and full block out where required. Energy saving, solar qualities plus protection for your other furnishings adding years to the life of your carpets and furniture. The range and options plus the benefits go on and on.

The fabrics represent today's colours, provide a contemporary look, are durable, of stable construction and many are fire retardant. The beaded chain control makes operation easy and all are fitted with cord retaining devices for child safety. Spring operation is optional.

MOTORISATION, DOUBLE ROLLERS, LINKED BLINDS & PELMETS

The many options will allow you the look and lifestyle you want, and all are affordable. Motorised blinds give you the ease of operation and several blinds can be linked from one controller. Double rollers allow two blinds on the one window. During the day you can retain your view but stop the glare and of an evening the block out blind can be utilised for privacy, or use it on very hot days to cut back further on air conditioning costs. Linked blinds allow you to operate two blinds at the same time using the one control. Pelmets add a finishing touch.

All blinds are custom made to suit your windows. Modern with a minimalistic appearance, they are certainly today's window fashion statement. With a Westral Roller Blind you can be sure of quality, service, integrity and true value....always.

**FASHIONABLE,
FUNCTIONAL,
STYLISH**

WESTRAL'S EXCLUSIVE WARRANTY
With the same WA ownership for over 37 years, Westral looks after your investment with a full warranty against faulty products, irrespective of age.

AWNINGS – ALUMINIUM & FABRIC

Practical, fashionable and affordable

Westral Aluminium Awnings - cut up to 90% of heat normally transmitted through windows, keeping your home cool in summer. They also protect your windows from winter wind and rain. Choose the Westral aluminium awning that suits your needs best. Fixed styles range from the practical Bahama to the stylish Caribbean. Westral corrosion-free aluminium awnings are also ideal for outdoor living areas, providing year-round weather protection. And of course, there's an excellent range of long-lasting double-baked Westral colours to choose from. Protect your home in style with a Westral awning.

**Save on all Year Round Weather Protection!
Many styles with options to suit your needs**

Westral Fabric Awnings and Blinds - keep your home cool plus stop harmful UV rays fading your curtains and furnishings. By stopping the sun before it heats the glass and the internal window coverings, the room stays cool. Created from strong, durable materials that blend natural and synthetic fibres together, such as canvas, polyester and acrylic blends, Westral Fabric Awnings provide a shady 'umbrella' of solid protection you can depend on. A 'see-through' version of the fabric is also available, great for capturing a view! Plus our Clear PVC Cafe Verandah Blinds- ideal for those outdoor alfresco areas for protection from the elements. The Westral Fabric Awnings colour range is superb, with a wide selection of stripes and plain colours to complement the appearance of your home. Select from an excellent range of semi-automatic, manual and electric including folding arms, cords, Multistop and wire guide options. Trust Westral to protect your home beautifully.

WESTRAL SECURITY DOORS

The Only W.A. Manufacturer of Security Doors Fully Certified by Standards Australia.

At Westral, we know more about doors than any other company in Western Australia, with a door for every need, in a full colour range and a choice of grille patterns. Plus Westral also has the all new look in home security with the strength of stainless steel woven mesh which still protects your family and allows you to retain your view- it's Westral's Crimsafe 'No Grille' Security Doors and window screens.

Now more than ever, home security should include protection on all doors and windows.

Enjoy the security and peace of mind that comes through all Westral Security doors being manufactured to exceed the latest upgraded Australian Standards AS 5039/40/41-2008.

Attractive yet strong – only Crimsafe drives a screw right through the mesh and frame giving unbeatable strength

New! Interlock Sliding Door Security!

A special system designed and manufactured in Australia that offers real protection. The locking tooth design works to secure the sliding door when it comes under attack. The result is increased family and home security.

Westral's Crimsafe Safe-S-Cape Security Screens: Fast exit if required

The unique "One touch Safe-S-Cape" push release action enables a small child or elderly person to exit quickly and safely without the element of panic. Allows easy access for cleaning window. Designed to offer maximum security which resists jemmying,

Exclusive design allows rapid exit with ease.

kicking-in, slitting and pulling outwards. Bolt cutters are also totally ineffective. Safe-S-Cape is the new look of home security with the strength of stainless steel, woven for extra strength and with frames that come in a variety of colours to match your home.

- **Manufactured to exceed the latest Australian Standards AS 5039/40/41-2008**
- **Passes Australian Standards Impact Test**
- **Passes Australian Standards Knife Shear Attack Test**

WESTRAL IS THE ONLY

Triton Door Frame

Elite Door Frame

Westral's Unique Door Frame Profile

Used on Triton and Elite security doors, the reinforced frame has extra strength where needed. The deeper serrated receiving channel holds the grille more securely. Developed by Westral through 30 years experience in security door design and manufacture.

Westral Grille Designs

After extensive testing and research Westral is able to offer a range of grilles that are attractive and strong. All are made from extruded Australian aluminium and are tempered to give added strength and to resist cutting. The security grilles are 7mm thick and exceed the requirements of Australian Standards.

Grille 727

Grille 535

Grille 696

Grille 858

Triton & Elite Striker Plate Profile

Three heavy duty wrap around striker plates on every door. More fixing points for extra strength.

Elite Wrap-around Hinges

Heavier, stronger and more secure wrap-around interlocking hinges with 9 fixing points per hinge. Will suit all timber frames.

*Wrap around design not required when fitted to metal frames.

OUR SPECIAL
OFFERS**

More Space, More Ways to enjoy your home.

Most homes could do with a little extra space. However if you do it yourself, it can get messy and the result might not match your hopes. Westral are the Home Improvement professionals. As Registered Builders, we can handle everything; from Council approval to no-fuss installation. Nobody has the range or quality of Westral. Our outdoor products include double-sided Colorbond, heat reflective roofs, steel or brick columns, a great range of colours and everything is engineer designed to meet exacting Australian standards. You can't do better than Westral.

Westral Rumpus Rooms

More family space without expensive additions! Fully lined and totally insulated against heat and cold. Plus, as a total package we can supply window coverings and security doors.

Westral Gabled Patios

Life gets better with a patio - especially if it's a guaranteed Westral patio. All those wonderful summer afternoons and evenings relaxing outdoors. We'll even design it so you can enclose it at a later date. Our exclusive sun-filtered skylight will give you all the light you could ever use.

Westral Granny Flats and Outdoor Rooms

Westral can build the room to suit your needs. A self contained Granny flat with separate bedroom and bathroom, an office, an outdoor kitchen or barbeque area, whatever you want, leave it to Westral. And by using the SolarSpan® insulated roofing you will enjoy the benefits of cool comfort in the summer months.

SolarSpan® Roofing Systems

SolarSpan® is an ingenious combination of roofing, insulation and ceiling all in one durable, functional and attractive panel. This all-in-one roofing solution offers real potential to improve your lifestyle with the least amount of effort. Manufactured in Australia using the latest technology with Colorbond® steel to withstand harsh Australian conditions.

Westral Dome Patios

Westral will build you the perfect patio to suit the style and individuality of your home, including Hipped, Domed, Gable and Polycarbonate.

Westral Westspan Colorbond® Roofing

Superstrong and requires minimum maintenance, Westral's Westspan Colorbond® roofing system is the perfect outdoor roofing material. It's inherent strength eliminates the need for bulky support beams offering a clean, uncluttered look.

Westral Carports

All cars need protection from the elements and a Westral carport is the best. A choice of styles and colours to blend in with your home. Remember, if it's Westral, it's guaranteed, irrespective of age.
