YMBF ACCOUNTING
is a CPA practice

Liability Limited by a scheme
approved under Professional
Standards Legislation

YMBF Accounting is a public accounting practice situated in Ashwood, Victoria. The practice's history dates back to 1966 and we pride ourselves on being able to offer current and up to date advice and assistance from an experienced team. We endeavour to make all Tax, BAS and ASIC lodgement obligations as easy as possible for each client.

YMBF Accounting is a registered Tax Agent and a Registered ASIC Agent.

Our Client base includes

- Investors
- Salary & Wage Earners
- Self Funded Retirees
- Estates and Trusts
- Sole Traders
- Partnerships
- Companies
- Self-Managed Superannuation Funds
- Small, medium and large businesses in various industries including online stores, manufacturing, wholesaling, publishing and primary production

We are proficient with, and able to setup and assist our clients with many accounting software packages including

- MYOB
- Reckon
- Cashflow Manager
- Xero

One-on-one training for these accounting packages is available.

Our clients are able to correspond directly with us by which ever method is most convenient.

These include

For business clients who would like extra assistance, a bookkeeping service is available.

This service is charged out at commercial bookkeeping rates.

We are able to offer one-off and ongoing advice to all our business clients as well as act as virtual financial officers for clients who use cloud accounting software.

We complete all work in our Ashwood office and do not use any outsourcing or offshoring arrangements – you are assured that your information is not being processed by anyone other than our staff and that it does not leave Australian shores.

We like to keep our clients up to date and send regular newsletters that are specifically focused on current and new and evolving topics. Separate newsletters are issued for individual and business clients so that they are able to take advantage of any opportunities available to them or be made aware of any upcoming changes in the world of taxation which may be relevant to them or their businesses.
