OMG the yummy sweets - no meal complete without !!

Now you have left room for desserts as we're a simple establishment, we keep simple desserts. We make them fresh and change them regularly, so don't be shy and ask one of our friendly staff for today's mouthwatering selection.

it is better to have a small dessert menu than one that takes all evening to read and because a picture tells a thousand words, see what I mean and take a squizz in our display fridge mmm...nice Buns Grandma!!

We really do a good trifle, we do it well - nice & clinical, clean on the palate, if it works well don't mess with it.

To give you an idea to get you started, we do have our favourites!

Manchester tart	served with clotted cream & delicious blackberry compote	\$ 9.50
Trifle	Just like the picture, a classic pudding made with Victoria sponge soaked in sherry, fruit, custard and light whipped cream & absolutely no calories....	(YOU really wish!!) \$10.50

We are also leading the way by putting traditional British puds back on the menu, and then why not finish with one of our liqueur coffees . Now that'll finish the meal experience @ Café MESÖ, right off!!
