2 HOURS

Free Computer Support

Help

Greetings from **ENOX**
Technologies

If you are a progressive firm based in Melbourne and surrounding suburbs with 5 or more PC's, we want to give you **2 free hours** of computer support to solve any computer problem you are experiencing, or to...

- Diagnose slow, unstable PC's, email problems, an unstable server, or any other "glitches" on your corporate network.
- Check your computer and network security against attacks, theft, worms, viruses.
- Check your network back-up system to ensure it is working properly.
- Discuss the latest technology available, an IT Project or an upgrade you are considering, or to give you a second opinion on a quote you have already recieved.
