'Fully Automatic Defib Package'

Great Value  
Package  
\$2,190

Adopt-A-Defib supporting businesses, clubs  
& schools to buy an affordable AED package

Sudden cardiac arrest is one of Australia's biggest killers and affects people of ALL ages; without a Defibrillator and effective CPR there is less than a 5% chance of survival.

Make your Defib visible! No matter the cause of Sudden Cardiac Arrest, one thing always remains the same – what happens in the first five minutes holds the key to survival.
