## Medical Mules.

**FEATURES:** The MEDICAL MULE is designed to carry one patient, one First aid attendant and assorted emergency gear. Whilst the Mule can also carry 2 people with seat belts.

The long board is easily attached to the unit using 10 Velcro D loop straps which are included.

The attendant's seat, with seat belt, glides on wheels the entire length of the unit and is able to be locked in three different Positions along the guide rails to meet any emergency situation. It has a large enclosed storage facility under the patient area for medical bags, trauma supplies and oxygen. The unit comes standard with a retractable IV pole.
