

BlueScope Steel Limited (trading as BlueScope Lysaght) warrants that LYSAGHT® rollformed steel building products ("Products"):

- are manufactured from 100% Australian steel from BlueScope Steel;
- are 'fit for purpose' when installed and maintained according to our specifications;
- are free from all defects in manufacture;
- will perform as detailed in our published documentation when selected and installed in accordance with our recommendations described in our installation guides and technical literature;* and
- comply with all relevant Australian Standards as published within our Product specific technical literature.*

(the above warranty to be referred to in this document as the "Product Performance Warranty")

The Product Performance Warranty only applies when:

- the Product is a genuine LYSAGHT® product and the steel material is manufactured by and displays the brands of BlueScope Steel;
- the Product is installed in accordance with BlueScope Lysaght's published design and installation tables, current at the time of installation;*
- the Product is installed in accordance with BlueScope Lysaght's published fixing recommendations, provided these are in accordance with AS/NZS current at the time of installation;*
- all installed fasteners, fixings, accessories meet AS/NZS and are in accordance with BlueScope Lysaght recommendations current at the time of installation;* and
- installation and usage are in line with requirements of material warranties from BlueScope Steel – for example COLORBOND®, ZINCALUME®, TRUECORE® and GALVSPAN® steel. More details available from www.bluescopesteel.com.au

This Product Performance Warranty does not apply where failure of the Product is partly or wholly due to any of the following not caused by us:

- damage sustained during handling, storage, erection or after erection;
- maltreatment, neglect or insufficient maintenance;
- movement of the ground or structural defects of any building; or
- storm, tempest, flood, fire, lightning, other acts of God or anything beyond our reasonable control.

Registering for other BlueScope Steel material warranties

This Product Performance Warranty does not cover the Product for corrosion to perforation by weathering or paint flake and peel. To obtain warranties for the Product in respect of corrosion to perforation by weathering or paint flake and peel, please complete an application and register your Product for such warranties by visiting: www.bluescopesteel.com.au/warranties.

*Installation and maintenance details are available at www.lysaght.com

This Product Performance Warranty replaces all previous LYSAGHT® product performance warranties from 1 March 2010.
