

TowTabs

Introducing the Original TowTabs – a compact biodegradable Towel Tablet.

With a few drops of water TowTabs turn into an additive-free towelette.

Made of all-natural, biodegradable rayon fibre, TowTabs are ideal for personal hygiene.

Handy when travelling, camping, around the house or while taking a hike!

Anytime, anywhere...

It's as easy as 1, 2, 3

The TowTab is a small 2cm diameter "Tablet" that unfolds into an all-natural 25cm x 30cm towelette a few drops of water.

Ideal for :

Personal sanitation, Emergency first aid, General clean ups, Personal hygiene, Tool & Instrumentation cleaning.

TowTabs are proud to be different from the other disposable wipes on the market. They are made from all-natural rayon product, which is derived from cellulose extracted from wood pulp.

TowTabs contain no harmful chemicals or dyes and can also be reused. They are not sanitised or sterilized with any alcohol based chemicals, making them great for a quick clean up of a superficial wound.

TowTabs :

Odourless - No chemicals or dyes -100% Biodegradable - Suitable for sensitive skin -
- No irritation eyes or open wounds - No expiry date – Reusable
