To Whom it May Concern

**Re: Greg Farmer**

I have known Greg Farmer for 5 years in a professional capacity during which time he has personally delivered professional training services to clients of Pollak Learning Alliance. He has always delivered services to the highest standard, has been reliable, professional and dedicated. We have had no hesitation in asking him to lead and facilitate training sessions for staff of our most important clients, and the feedback from clients and participants has been consistently high. We continue to use Greg's professional training services and believe him to be a businessman of high integrity, professionalism and dedication.

Yours sincerely,

Steve Lemlin
