FOUNDATION

ESPRESSO & BAR

Situated on the edge of Brisbane city and Fortitude Valley, **Foundation Espresso & Bar** provides a relaxed environment for any occasion.

We wanted to have fun and not take things too seriously in the design of our unique venue. Combining a sophisticated lighting system with a modern seating area we have transformed a "hole in the wall" to a miniature sound and light experience guaranteed to make you feel good. During the day our fabulous barista's will create the perfect espresso for you to accompany a double choc chip cookie or some other tasty treat with world beats echoing from our discrete sound space. At night the space is transformed with a myriad of coloured led's lighting up the space and sophisticated upbeat music to enjoy with your favourite cocktail, martini, beer or wine. For the adventurous we have a huge selection of ever changing cocktail shooters ranging from the crazy prairie fire to the mind numbing bloody brain.

We are open to the public every **weekday from 7am to 4pm for espresso** and **Thursday thru Saturday from 4pm for Cocktails, Islay Whisky** and more.

We are also able to host your **private party** in our exclusive space and even accommodate your music choice and any other special requests to make the evening perfect.

During **special events** such as the State of Origin and other events we are open and create special cocktails for the occasion.

Unlike other Espresso shops and Bars we focus on our best skills, making and serving the best coffee and cocktails, and we have therefore decided to encourage our customers to **bring your own food** to enjoy with their espresso or favourite cocktail. We can even suggest local cuisine in the area that would compliment your choice of beverage.
