KYMMIK VIEW

Located 91km south of Adelaide, Second Valley is divided into two parts – the old mill on the main road and, down the valley to the sea, a tiny coastal port reminiscent of a Cornish fishing village.

Set in a sheltered bay and surrounded by steep coastal cliffs, caves and fascinating geological formations, Second Valley is unforgettable. Fishing, diving, bush walking or just relaxing by the fire – it's all here...

An ideal Kangaroo Island stopover, Kymmik View is only 15mins drive from the ferry or 20mins from Deep Creek Conservation Park for your next 4WD adventure.

A short drive to class golf courses, boutique wineries, fishing charters and the friendly townships of Normanville and Yankalilla; there is so much to see and do!

Relax and unwind at Kymmik View...
