The Master Hire Story

Beginning operations in 1990, Master Hire continues to offer our customers the best quality hire equipment and exceptional service throughout Southern Queensland and the Mid North Coast of New South Wales. Still operating as a family owned and operated company, we have continued to build our reputation by providing hire solutions for the building and civil construction, drilling and mining, trade and professional services and DIY residential markets.

From our extensive range of equipment for hire to the many other services we offer, you can be assured that when you partner with Master Hire for your next project, your budget, your deadlines, your safety and your satisfaction are all the focus of our dedicated team.

Over the years, Master Hire has won many awards and is proud to have achieved the internationally recognised standard ISO9001:2015 for Quality Management. In early 2019, we were also awarded the 2019 Australian Rental Company of the Year by the Hire and Rental Industry Association. This means when you hire from Master Hire, you are guaranteed a quality product with quality service from experienced and well-trained team members.

If you have not experienced the Master Hire service, consider calling on us for your equipment hire needs to help make your next project a success, no matter how big or small. Master Hire – Built on Service.
