

Cyber hygiene tips to stay safe online.

SherpaTech
INSURANCE SPECIALISTS FOR TECH & IT

**Cyber hygiene is your
first line of defense
from the bad guys.**

**Insurers now make this
a standard requirement.**

At a minimum you must:

- **Install reputable antivirus and malware software.**
- **Use network firewalls.**
- **Action software updates**
- **Activate MFA (Multi Factor Authentication).**
- **Run regular staff cyber training**

**DM me for the latest
Australian Cyber
Security Centre Report**
