

[Commander Centre](#) specialise in all your phone and technology services including telephone advice, systems, call rates and data networks. Owned and operated right here in Osborne Park, Perth, Commander Centre are dedicated to finding you the right solution to for your business. Find out how you can save money, time and customers with Commander Centre.

Business Phone Systems:

Make life easy with Commander Centre's range of business phone systems designed to enable you to control how you receive your calls. Our services range from auto attendant, call accounting and voicemail, call applications and Voice Over Internet Protocol (VOIP) technology. These systems are a great addition to your busy workplace and can help direct and inform your customers.

Get the right technology for the job with Commander Centre. Every office should be properly suited with updated, easy-to-use technology. Not only does this make your life easier, but it also makes it easier for your customers. Commander Centre offer three different phone operating systems: the Commander OfficeServ7000, IP Office and the Commander HiPath 3000.

The OfficeServ7000 Phone System is by far a superior handset, allowing users to not only accept and make calls, but it also includes functions such as forwarding, paging, unified messaging, conferencing and video calling. Easily communicate throughout the office with Commander Centre's range of video conferencing systems. These are designed to save you money, increase productivity and keep you better connected with those around you.

Mobile Solutions:

Don't pay over-priced phone bills again! Commander Centre offer affordable, reliable and smart mobile business plans. Our Smart Biz Mobile Cap caters for your business needs with just a low starting price of \$29 a month. Speak to one of our staff about how we can save you money by bundling your mobile with the Commander fixed voice.
