What our guests say about us:

Thank you for such a relaxing and restful stay. Mum and I were visiting Chenrezig for the weekend for a retreat, and it was such a treat to return home to your stunning accommodation. The room was so comfortable, with so many thoughtful extras - fluffy towels, organic soaps, super comfy bed. Arriving home to the magic of the candles Jules had lit around the garden made for a magical evening setting too. The kitchen is fantastic, with all the thoughtful things that make preparing food away from home very easy. Thank you so much, we will be back!

Absolutely beautiful down to all the tiny details, Jules has thought of everything. Tranquil, green, private and uplifting we thoroughly enjoyed our stay. The guest kitchen is amazing with all utensils and appliances provided for us to make our dinners - and we loved our vegan breakfast basket! The outdoor beanbags were perfect for reading a book in the shade by the dam - and the croquet was a hoot! We'll be back!

Thank you Jules and Greg you have a beautiful and calm place to stay. Every thing has been thought about, and room we were in was absolutely beautiful as is the kitchen and the retreat itself. We found the retreat by accidentally and it was the best 'accidentally', we could have come across. So close to Brisbane yet so far away.....we will be going back, but for a longer stay this time.
