**Quarterly review;** We visit you every quarter to review our service and ensure we are meeting all of your needs.

**Above all...** We value our Customers and treat YOU as our highest priority.

### ***Our Services***

**Accredited Building Certification** – Commercial and Residential; Fast and accurate plan-checking for compliance on all building classes.

**Building inspections** – A responsive Inspection service for all necessary stages of construction. If a problem occurs, we quickly seek proactive solutions. Site reports are sent electronically from site to your office.

**Pre-Lodgement assessments** – Have your project assessed prior to BA application helping to avoid unnecessary problems and hold ups.

**Building Legislation guidance** – Building regulations are complex and ever-changing. Our certifiers are experts in building codes and related Legislation, and explain these in clear terms.

**Energy efficiency assessment** – Assessment, reporting and certification service for your proposed development for energy efficiency compliance with the National Construction Code.

**Council submissions** – As part of your approval, we coordinate all necessary Council applications including Plumbing and Drainage, Siting Concessions, BOS, BOSW and Code Assessment applications.

**Online services** – Includes online quotes and application lodgement services.
