About [ATA Training](#)

ATA Training provides quality aged care training to students and businesses in Perth. We have a strong focus on offering hands-on (sometime literally) and practically focused aged care training. We believe that our innovative work placement program, high calibre of staff and overall practical approach sets us apart from other training organisations in Perth. We are an approved training provider, and boast being a registered training organisations.

[ATA Training](#) Courses!

Check out our range of recognised training certificates! Our specially designed workshops meet Aged Care industry compliance standards. At the workshops, participants are given practical hands on competency based training that is easily transferable to the workplace. Find out more by clicking the contact links below.
